

AG Insurance: The beginning of a long term commitment

Simac renewed the entire data cabling, the workplace related electricity and the electric floor distribution boards. The project was executed in close collaboration with the manufacturer Panduit.

Company profile

- Insurance company
- Leader with 23,7% market share (Belgium)
- + 4.000 specialised FTE's
- 1.5 Mio customers

Context

The project was part of a decision to completely renovate the head quarters in Brussels.

Solution

Advantages

- Installation covered by a multi year warranty
- Work was carried out on a tight budget and with limited resources (during summer holiday vacation)
- Close collaboration with third parties
